

SUMMARY

Start-Up Chile is a public business accelerator program created by the Chilean Government for high-potential entrepreneurs to bootstrap their startups using Chile as a platform to go global. Up until today, its one of the biggest and most diverse accelerators in the world. **Start-Up Chile** has a large portfolio, receiving up to 200 startups per year. This deal flow is represented by **2 distinct programs** based on the stage of the startup:

THE S FACTORY (TSF)

Pre-acceleration program for startups in early concept stage lead by female founders. Selected companies receive \$10 Million Chilean Pesos (USD \$16k approx.) equity free plus a 4-month pre-acceleration program and the possibility to receive a \$5 Million CLP extension. *Two rounds a year of 25-33 companies each.*

SEED

7-9 month acceleration program for startups with at least a functional product or service. From G20 on, selected companies receive \$25 Million Chilean Pesos (USD \$42k approx.) equity free, a 7 month acceleration program and the possibility to receive a \$25 Million CLP extension. *Two rounds a year of approximately 80 companies each.*

FOLLOW UP FUNDS

After participating in TSF and Seed, startups incorporated in Chile can apply for further public funds offered by Corfo, in order to scale in Latam and the rest of the world. The selected companies could receive up to US\$570,000 depending on the program.

In each of the programs, the team leader of the startup **has to settle in Chile for the whole duration of the program** and **give back to the Chilean society through a social impact program** that aims to promote innovation and entrepreneurship.

ACCELERATION PROGRAM

Besides the grants and the co-working space, Start-Up Chile offers an acceleration program that includes:

- **SUP ACADEMY:** Training program (workshops, talks and other learning experiences), Platoons (peer to peer monitoring and support) and Pitch Training.
- **CONNECTIONS:** Global and local mentors, investors, and market networks.
- **EVENTS:** External and internal events (Demo Day and Tech Evenings.)
- **PERKS:** From USD\$120.000 startup in exclusive benefits and discounts.
- **EXPERIENCE:** Soft-landing and networking activities to strengthen the Start-Up Chile community.

FACTS (August 2017)

- **PORTFOLIO VALUATION:** Start-Up Chile portfolio is valued in more than **USD \$1.419,42MM**.
- **CAPITAL RAISED:** Our alumni have raised **USD \$996,86MM**, 9 times Government's investment (by August, 2017).
- **ANNUAL SALES:** Our alumni have sales of more than **USD \$691MM** per year.
